

H₂G Spin

Cylinder Washing Machine

The new cylinder washing machine designed to be precise and fast, allowing the perfect cleaning even among the most hidden needles.

You will not have to do anything else but remove the cylinder from your machine and put it inside **H₂G Spin**: it already knows how to take care of it.

In just 30 minutes your cylinders will come back to life again!

NEEDLEBED WASHING MACHINES

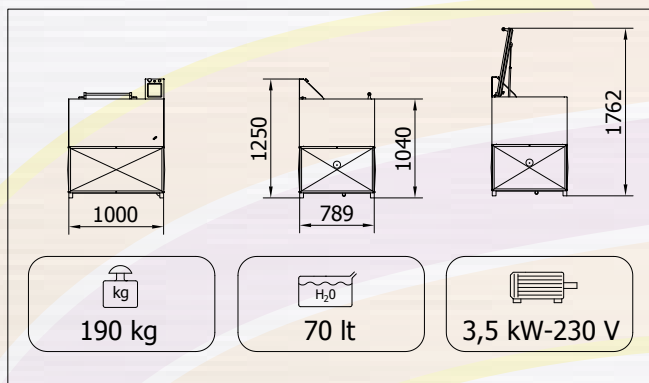

TURNS AND WASHES

The smart head combined with the rotation of the cylinder, allow H2G Spin to thoroughly clean even between the dirtiest needles.

SEES AND PROVIDES

Thanks to the photocell it automatically detects the dimensions of the cylinder and personalizes the washing cycle. Just press a button, **H2G Spin** already knows what to do!

EASY, FAST, ECONOMICAL

H2G Spin has an extremely intuitive software, designed to be suitable for all. In just 30 minutes it washes and dries the cylinder with all the needles... then you just have to put it back on your circular machine!
